- New and easy to use power supply 22 V;
- Filter Capacity:10um-100um optional

*Swivel- Cable Tangle Prevention System is optional.

Controller box hook

To optimize the life of the Cleaner Control Box we suggest hanging the Control Box from a fence, shed or a post.

Simply attach the bracket to a solid surface using the hardware provided. Once the bracket is attached you can hang the Controller Box. This will eliminate the potential problem of the Control Box standing in water.

Oversized filter basket extending time between cleaning

1 8M wire

Cable Tangle Prevention system(optional)
