

GRC2 Robot Cleaner

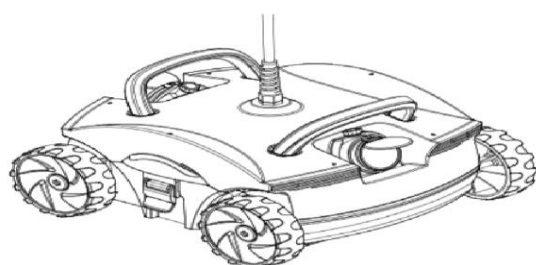

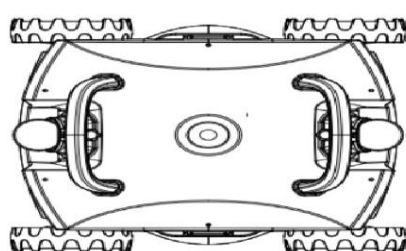

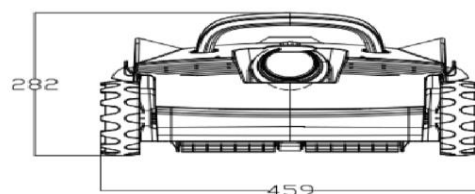

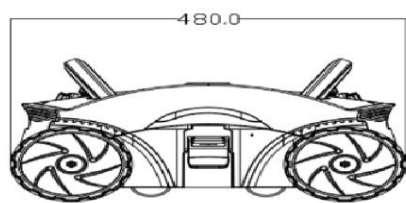

GPOOL GRC2 ROBOT CLEANER

FEATURES:

- Output voltage: DC 24V
- Power dissipation: <150W
- Working Voltage: 220-240v, 50/60hz
- Working current: 5~6A
- Operating mode: 1/2 hours
- Cable length: 15 meter
- Suitable pool size: <220m², depth 3m>H>0.5m
- Flow rate: 18-25m³/H
- Filter capacity: 5-50um
- Working temperature: 10°C-40°C
- Running speed: 20m/min
- Size: 480x459x282(mm)
- Weight: 20kg
- Dust Amount: 3L

Tangle-free without wall climbing function

1. Precision double screen for easy removal and cleaning.
2. Brushless DC motor, quite and efficient
3. One key intelligence, no need to watch manually
